The Bear in the Attic Patrick F. McManus 2003-06-01 The beloved humorist and bestselling author returns with his most riotous collection of essays to date. Overflowing with his trademark outdoorsman's wit, Patrick F. McManus's newest collection ponders the strange allure of the RV, the existential implications of being lost, the baffling tendency of animals to outsmart those who wish to hunt them, and the singular pleasure of doubling the size of every fish one doesn't actually catch. Combining the curmudgeonly voice of Dave Barry and the sly humor of Garrison

Keillor, McManus brilliantly captures the everyday absurdities that comprise our existence. Alongside his humor, McManus's inimitable vision consistently evokes a childlike wonder at the natural world. Even if we are running low on food, the compass is broken, and we are fairly certain we have just spotted a family of Sasquatches frolicking in the treetops, *The Bear in the Attic* makes the outdoors seem irresistible.

How I Got This Way Patrick F. McManus 2010-04-01 Patrick McManus, the bestselling author of such hilarious books as *A Fine and Pleasant Misery* and *Never Sniff a Gift Fish*, now offers readers solid thoughts on the qualities that define leadership, beginning with the need to be tall, and much more, in this outrageous collection of short pieces that

reveals his tortuous trip along the writer's path.

Flitshandel Michael Lewis 2014-09-15
Flitshandel viel als een bom in de financiële wereld. Binnen een mum van tijd stond de FBI op Wall Street en riep senator John McCain om een onderzoek door het Amerikaanse Congres. Wat maakt Flitshandel zo explosief? Het gaat over supercomputers, geprogrammeerd door de allerslimste en geniaalste nerds, die hierdoor een nanoseconde sneller zijn dan andere computers en zo tientallen miljarden extra verdienen voor hun bazen op de beurs. Is het strafbaar? Is het handelen met voorkennis? En wie is de dupe? Bestsellerauteur Michael Lewis schreef met Flitshandel een waargebeurde thriller van wereldformaat. MICHAEL LEWIS is de

grootste nonfictie auteur van Amerika en heeft diverse internationale best sellers op zijn naam staan, waaronder: The Big Short, Moneyball en Liar's Poker. 'Een groot voorbeeld' Jeroen Smit 'Een bom in de financiële wereld. (...) Een topjournalist.' - Matthijs van Nieuwkerk 'Verrukkelijke non-fictie. Als lezer krijg je soms het idee dat je een thriller van John le Carré leest, in plaats van een boek over algoritmen, dark pools en rebate arbitrage. (...) Lewis kan als geen ander laten zien hoe de financiële markten van gezicht zijn veranderd.' - De Groene Amsterdammer 'Met een oerknal staat ook zijn nieuwste werk op de kaart.' - Het Financieele Dagblad 'Dit is wat ik wil. (...) Een groot voorbeeld.' - Jeroen Smit 'Niet veel schrijvers weten een hoorzitting

in de senaat te veroorzaken met hun boek. Michael Lewis wel. Zijn explosieve Flash Boys, over de corrupte beurshandel, veroorzaakte dit voorjaar veel opschudding. ' - NRC Q 'Flash Boys leest als een spannend jongensboek: met een antiheld, een geheime samenzwering en mysterieuze dark pools. Het is ook nog eens op echte gebeurtenissen gebaseerd. (...) Nog altijd is een enkel ouderwets, spannend geschreven boek in staat de hightech aandelenhandel flink op zijn kop te zetten. (...) Het beschrijft op pakkende wijze het fenomeen flitshandel.' - Het Financieele Dagblad In de zomer van 2009 was de lijn een eigen leven gaan leiden. Tweeduizend mannen groeven en boorden de merkwaardige behuizing die de lijn nodig had om te overleven. 205

ploegen van acht man elk, plus allerlei adviseurs en inspecteurs, stonden dagelijks voor dag en dauw op om te bedenken welke explosieven ze nodig hadden om een gat te maken in een onschuldige berg, hoe ze een tunnel konden aanleggen onder een rivierbedding, of hoe ze een geul moesten graven naast een landweg zonder berm. Dat deden ze zonder een alleszins voor de hand liggende vraag te beantwoorden: waarom? De lijn was een buis van hard plastic met een dikte van nog geen vier centimeter en was ontworpen om vierhonderd flinterdunne strengen glas te beschermen. Toch kreeg je het gevoel dat het een levend wezen was, een onderaards reptiel met specifieke behoeften en verlangens. De geul waarin de lijn zou komen te liggen moest kaarsrecht zijn. Er was

misschien nog nooit een pad zo compromisloos door de aarde gegraven. De lijn moest een datacentrum in het zuiden van Chicago verbinden met een aandelenbeurs in het noorden van de staat New Jersey. Het was van cruciaal belang dat de hele onderneming geheim zou blijven.

Navigating English Grammar Anne Lobeck 2013-09-23 An engaging and fresh take on the rules and politics of English grammar, written in lively prose. It goes a step further than most books on grammar by providing an overview of the field, with a discussion of historical and current debates about grammar, and how we define, discuss, and approach it. Presents a novel, inquiry-based approach to understanding speakers' unconscious knowledge of English grammar Makes lucid connections, when

relevant, with current linguistic theory Integrates language change and variation into the study of grammar Examines historical sources of socially evaluative perceptions of grammar, as 'good' or 'bad', and notions of language authority Provides syntactic explanations for many modern punctuation rules Explores some of the current controversies about grammar teaching in school and the role of Standard English in testing and assessment **Pilgrims of the Vertical** Joseph E. Taylor 2010-10-15 Few things suggest rugged individualism as powerfully as the solitary mountaineer testing his or her mettle in the rough country. Yet the long history of wilderness sport complicates this image. In this surprising story of the premier rock-climbing venue in the United States,

Pilgrims of the Vertical offers insight into the nature of wilderness adventure. From the founding era of mountain climbing in Victorian Europe to present-day climbing gyms, Pilgrims of the Vertical shows how ever-changing alignments of nature, technology, gender, sport, and consumer culture have shaped climbers' relations to nature and to each other. Even in Yosemite Valley, a premier site for sporting and environmental culture since the 1800s, elite athletes cannot be entirely disentangled from the many men and women seeking recreation and camaraderie. Following these climbers through time, Joseph Taylor uncovers lessons about the relationship of individuals to groups, sport to society, and nature to culture. He also shows how social and historical

contexts influenced adventurers' choices and experiences, and why some became leading environmental activists—including John Muir, David Brower, and Yvon Chouinard. In a world in which wild nature is increasingly associated with play, and virtuous play with environmental values, Pilgrims of the Vertical explains when and how these ideas developed, and why they became intimately linked to consumerism. *The Blight Way* Patrick F. McManus 2007-01-02 A new series by the author of *The Bear in the Attic* finds Idaho sheriff Bo Tully's hopes about a rekindled romance with his high-school sweetheart challenged by his father's upcoming seventy-fifth birthday celebration and a ranch murder involving numerous possible suspects. Reprint. 25,000 first

printing.

The Zen of Home Water Jerry Hamza 2020-11-17 A Collection of Fishing Stories from Across the Globe, by a

Master Storyteller. To the uninitiated, it might be somewhat surprising to discover that fly fishermen tend to be rather contemplative sorts. During those dark nights and long seasons when fishing is not a promising endeavor, we settle down to the next best thing, reading our vast libraries of ancient fishing lore, interspersed with the odd philosophical tome. And when we do, we usually don't want to read proverbial stories about "landing the big one," or lengthy how-to expositions on how to catch the aforementioned big one. Rather, we tend to prefer stories that place our beloved piscatorial pastime within the larger context of life and nature. Stories that, as Hamza describes, "...sparks a light. A light that is both familiar and

comforting." Such is *The Zen of Home Water*, the latest angling book by Jerry Hamza. Hamza is a John Volker for the new millennium. His book is interspersed with stories about monster brook trout, beautiful North woods streams and lakes, quirky backwoods guides, and legendary fly hatches. Through it all, he shows us one of the most profound truths of life, that "It takes the acquisition of wisdom to understand that a happy life is actually a mosaic of small and insignificant events...we string together moments in life—like pearls becoming a beautiful necklace." The iridescent pearls that Hamza strings together are many and include the importance of "freestyling", that uncontrollable escape impulse that implores us to drop whatever we are doing and head to the stream, any

stream, with fly rod in hand. Another recurring theme is the need to unplug from the modern, electronic world. He instructs us how to trespass (with bartered permission) and fish those waters that look so inviting yet so out of reach to the (usually) law abiding. His recipe for squirrel stew is not jealously guarded but freely shared. And his stories of catching giant brook trout in the Maine North Woods allow the reader, who usually can't participate in such acts of angling greatness, to at least know that they are occurring to someone, somewhere. Hamza is a member of that peculiar subset of anglers, the bamboo rod aficionado. While acknowledging the cold, hard fact that bamboo rods are nothing more than conglomerations of "expensive blades of grass," he also realizes

that these handmade treasures passed down to us from previous generations will hopefully outlive us (and our car doors) and that we are merely their caretakers for a time. Although the dreaded "g" word (i.e., graphite) does make a brief appearance, Hamza is definitely one of those anglers who would rather hold an aged, organic creation of the bamboo rod maker's art than the latest admittedly efficient chemical concoction straight from the laboratory. This puts him squarely in the tradition of John Gierach, although Hamza's writing is better and his stories more entertaining. Hamza's own home waters are dual-- Maine's Grand Lake Stream area and the southern shore of the Lake Ontario region. There are echoes of Thoreau's Maine Woods in his stories

of remote lakes and plentiful trout. And while he takes us all around the country when relating his angling exploits (Kerouac's *On the Road* is a particular favorite of his), it is evident that the concept of "home water" carries a lot of weight with him. His beloved "Zen Lake", with its less than perfect history and many small fish, could be the home water of any of us.

The Green Guide to Low-Impact Hiking and Camping Guy Waterman 2016-06-07 "A classic of backpacking literature" (Backpacker), now updated with a brand-new foreword by environmentalist and best-selling author Bill McKibben Originally

published as *Backwoods Ethics* in 1979, Laura and Guy Waterman's definitive guide to low-impact hiking and camping was a prophetic call to reevaluate the impact of outdoor recreation on the wilderness. Enthusiastically received by environmentalists and wilderness managers at the time, its warnings and advice are now more relevant than ever. With wisdom and gentle humor, Laura and Guy Waterman present a strong case for the importance of respecting the natural world while you're enjoying it. In his foreword to the new edition, world-famous environmentalist Bill McKibben puts the Watermans' advice into context for today's world. Day hikers, campers, and backpackers who follow the sensible techniques laid out in this book will help preserve the

wilderness experience for generations to come.

Posturing Holly Hay 2018-03 Rejecting hypersexualized glamour, Posturing celebrates aesthetic oddness A book about a new movement in fashion photography, Posturing shows how 21 contemporary fashion photographers use the body and its positioning to tell new stories in new ways. Through 58 photographs, plus interviews with photographers, stylists, set designers and commissioning editors, Posturing shows how this trend is changing the way that fashion is presented. Edited by Holly Hay, photography director at Wallpaper, and fashion curator Shonagh Marshall, Posturing celebrates aesthetic oddness in a style of photography that rejects the hyper-sexualized body and celebrity-driven, glamour-

obsessed vision of fashion that has glorified naked consumerism. This is a style that is changing traditional ideas of clothing, casting and images, also recontextualizing what the body means to fashion, and what fashion can mean to the body.

Posturing is a record of that change and this new movement, capturing the voices and visions of those most integral to creating it.

Outdoor Chronicles Jerry Hamza 2015-11-24 We hold a great affection for the deep tradition of American storytelling. The ability to spin a yarn that can hold our attention and provide a gentle direction for life is something that has been with us for a long time. "The Celebrated Jumping Frog of Calaveras County" by Mark Twain or Ernest Hemingway's Nick Adams stories hold us with their gentle wit and carry us away for just a little while. In *Outdoor Chronicles*, Jerry Hamza takes up the gauntlet of the storyteller to take readers away for a little fun. There

are already plenty of how-to fishing and outdoor books, and this is not one. Hamza's stories will not make you a better caster or shooter, but they will make you want to spend more time fishing or hunting. This book is a collection of outdoor stories wrapped in the human condition. They were written with an eye toward honesty and cynicism. They will make you laugh out loud, and you will want to carry them with you wherever you go. If this book goes missing, it's a sure thing that, when you do find it, it will be in the possession of a member of your household, regardless of their interest in casting a fly. The stories cover the gamut from a fishing trip to northern Canada to a little stream that was actually better than remembered, to how the baby boomers almost trampled a sport

to death, to a solitary trek along railroad tracks during a cold, dark, and dreary February, and many more. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to

authors whose work might not otherwise find a home.

Waarom liefde pijn doet Eva Illouz
2015-02-18 Weinigen is liefdespijn bespaard gebleven. Die pijn komt tot ons in verschillende gedaanten: in de eenzaamheid na afloop van een mislukte date, als een gebroken hart door een beëindigde relatie, of in de vorm van een partner met bindingsangst. De zoektocht naar de ware liefde (als die al bestaat) gaat zelden over rozen. Sociologe Eva Illouz stelt dat we ons vandaag de dag op liefdesgebied gedragen als een consument in een zee van keuzemogelijkheden. We worden `shoppers: veeleisend, constant bezig om een betere deal te krijgen. We sluiten het toeval, dat mensen altijd heeft geholpen om een partner te vinden, zo veel mogelijk uit. De

They Shoot Canoes, Don't They?

tongue pressed firmly in cheek and a
gentle but penetrating eye for human
foibles, Patrick F. McManus
celebrates the hidden pleasures,
unappreciated lore, and opportunities
for disaster to be found in the
recreations of camping, hunting, and
fishing in his hilarious collection
They Shoot Canoes, Don't They?
Gathered here for the reader's
edification are such treasures as the
true but little known story of the
discovery of the efficacy of live
bait by Genghis Khan's chef, an
examination of the precarious and
perhaps fanatical expertise required
for ice fishing, and a consideration

of the circumstances that can cause a
deer to ride a bicycle. Among
additional topics explored are The
Crouch Hop and Other Useful Outdoor
Steps, The Sensuous Angler, and
Psychic Powers for Outdoorsmen.
Included, too, is The Hunter's
Dictionary, an invaluable lexicon
that helps the novice sportsman
understand such arcane terminology as
"Oooooooooo-ah-ah-ah! (If there's one
thing I hate, it's putting on cold,
wet pants in the morning)" and "Baff
mast pime ig bead feas mid miff pife!
(That's the last time I try to eat
peas in the dark with my hunting
knife!)" The author's appreciation of
outdoor life began in his early
boyhood, when he absorbed a wealth of
improbable information imparted by
the old woodsman Rancid Crabtree,
"who bathed only on leap years."

Young McManus also enjoyed special adventures with his ill-remembered sidekick, Retch Sweeney, and another boon companion of days gone by, the loquacious family dog, Strange, whose exploits as a hunter were limited to assaulting stray chickens and on one memorable occasion a skunk. "McManus here follows up *A Fine and Pleasant Misery* with a collection of sketches that launches him into the front ranks of outdoor humorists."—Library Journal

A Different Shade of Green: A Biblical Approach to Environmentalism and the Dominion Mandate Gordon

Wilson 2019-09-10 We have been shockingly bad at using our Bibles and our brains when it comes to conservation and the environment. Unhinged environmentalism is not the answer, but neither are ignorance and

apathy. It's time for something different. Christian responsibility for the natural world goes back to the very beginning, when God commanded us to "fill the earth and subdue it." This Dominion Mandate is an authoritative alternative to both environmental activists and to those who think "conservation" is a word progressives made up. So what does "dominion" mean for us, living in a world of constant reports about impending global meltdown; of oils spills, pollution, and strip-mining; of extinction threats both real and imagined? *A Different Shade of Green* contains a compelling Christian approach to biodiversity, life cycles, and the environment, offering solutions and correcting errors while teaching us how to give thanks for and rule over all of creation.

De nacht voor de scheiding Sándor
Márai 2016-02-05 De avond voordat
rechter Kõmives de echtscheidingszaak
van zijn oude schoolvriend Imre
Greiner moet behandelen, komt die hem
bezoeken en vertelt hem over het
leven dat hij en zijn vrouw Anna
jarenlang hebben geleid. Een façade
van burgerlijkheid verborg voor de

buitenwacht de totale mislukking die hun huwelijk was geworden. Terwijl Imre Greiner de waarheid achter die façade blootlegt, dringt het tot rechter Kõmives door dat hijzelf een doorslaggevende rol heeft gespeeld in de dramatische teloorgang van dat huwelijk. De nacht voor de scheiding speelt zich af in een burgerlijk milieu, waarin keuzes worden gemaakt die voornamelijk door het verstand zijn ingegeven en waarin voor de diepere gevoelens geen plaats lijkt. Sándor Márai beschrijft virtuoos wat een mens ervaart die tot inzicht komt in zijn eigen zieleleven, en die beseft wat hij heeft aangericht door die gevoelens een levenlang achter verstandelijke overwegingen verborgen te houden. Als geen ander kan Sándor Márai verwoorden hoe een mens omgaat met zijn diepste gevoelens van

liefde, verlangen, angst en frustratie, met waarheid en leugens. *Never Cry "Arp!" and Other Great Adventures* Patrick F. McManus
1996-05-15 America's best-selling outdoor humorist for adults has a secret following: middle-grade and young-adult readers. *Never Cry "Arp!"* is a lively collection of twelve stories about young Pat's misadventures in the Great American Wilderness. All the McManus regulars are here: Crazy Eddie Muldoon, the best friend everybody wishes they had (and everybody's mother wishes they didn't); Rancid Crabtree, the good-hearted, if gamey, woodsman; Pat's skunk dog, Strange, who lives up to his name; and Pat's pal, Retch Sweeney, who does, too. This is a book for kids who love to start fishing at 4am (at least they say

they do) or for those who prefer to experience the mighty outdoors in the safety of their homes. "Everybody should read Patrick McManus," said the New York Times. Now, everybody can.

Van je familie moet je het hebben
David Sedaris 2010-04-15 Niet alleen onze favoriete Vlaamse courant het Nieuwsblad is overtuigd van David Sedaris' humoristische talent ¿ ¿Is David Sedaris de grappigste schrijver te wereld? Wij zijn er alvast van overtuigd¿ ¿ een miljoen Amerikanen zijn dat ook, want dat is het aantal data Sedaris in de Verenigde Staten

moeiteloos per boek verkoopt. Zijn ¿verhalende essays¿ gaan over de dood, over zijn kotsgekke familie, over zijn pogingen Frans te leren (hij verhuisde van New York naar Parijs, omdat je daar tenminste nog gewoon mag roken), over zijn pogingen van het roken af te komen (in Japan, hij woont inmiddels niet meer in Parijs), over zes tot acht zwarte mannen die Sinterklaas assisteren, over shoppen met zijn zus Amy, over lichamelijk verval, over dwangneuroses en over nog meer dood. Sedaris is regelmatig te zien bij David Letterman, te horen op National Public Radio, te lezen in The New York en Esquire. Dat is belangrijk, daardoor verkoop je boeken. Tot op heden publiceerden wij zes van zijn boeken, die stuk voor stuk lovend werden ontvangen. Sedaris bezocht

Nederland reeds driemaal, verzorgde uitverkochte optreden in The John Adams Institute, signeerde zich suf, en is door ieder zich serieus nemend medium geïnterviewd. Het enige wat nog ontbreekt: lezers.

McManus in a collection edited and introduced by Jack Samson, long-time editor-in-chief of Field & Stream. The great outdoors have never been rendered as

hysterically as in the reminiscences—true and exaggerated—of Patrick F. McManus. If you're thinking about getting back to nature, the surreal adventures chronicled here will make you think twice about giving it all up for a life of camping, hiking, and hunting.

Daar staat mij niets van bij Nora Ephron 2011-04-28 In Daar staat mij niks van bij komt Nora Ephron wederom met scherpe inzichten over het verleden, heden en toekomst. Ze gaat in op de moeilijkheden die het leven

anno nu met zich meebrengt en haalt herinneringen op aan alles wat ze (nog) niet vergeten is. Ephron schrijft over het kiezen van een bepaalde levensstijl (in haar geval die van een razende reporter); over het verbreken van relaties met de mannen in haar leven en over haar haat-liefdeverhouding met e-mail. Vol met rake observaties is Daar weet ik niets meer van een genot om te blijven lezen. Van Nora Ephron verscheen eerder Wat baal ik van mijn hals en heeft vele filmscenario's geschreven waaronder When Harry met Sally, Heartburn en Sleepless in Seattle. Ze heeft ook de film Julie & Julia geregisseerd, gebaseerd op het gelijknamige boek van Julie Powell. Wat baal ik van mijn hals gaat over vrouwen en ouder worden.
