In *Dark Genius of Wall Street*, acclaimed biographer Edward J. Renehan, Jr., combines lively anecdotes with the rich social tapestry of the Gilded Age to paint the portrait of the most talented financial buccaneer of his generation -- and one of the inventors of modern business.

Wanneer Isaacs verloofde de volgende ochtend spoorloos verdwenen lijkt, wordt Elin pas echt ongerust. Een sneeuwstorm heeft het hotel afgesloten van de buitenwereld en de hotelgasten beginnen in paniek te raken. The Progresses, Pageants, and Entertainments of Queen Elizabeth I Jayne Elisabeth Archer 2007-03-29 More than any other English monarch before or since, Queen Elizabeth I used her annual progresses to shape her royal persona and to bolster her popularity and authority. During the spring and summer, accompanied by her court, Elizabeth toured southern England, the Midlands, and parts of the West Country, staying with private and civic hosts, and at the universities of Oxford and Cambridge. The progresses provided hosts with unique opportunities to impress and influence the Queen, and became occasions for magnificent and ingenious entertainments and pageants, drawing on the skills of architects, artists, and craftsmen, as well as dramatic performances, formal orations, poetic recitations, parades, masques, dances, and bear baiting. *The Progresses, Pageants, and Entertainments of Queen Elizabeth I* is an interdisciplinary essay collection, drawing together new and innovative work by experts in literary studies, history, theatre and performance studies, art history, and antiquarian studies. As such, it will make a unique and timely contribution to research on the culture and history of Elizabethan England. Chapters include examinations of some of the principal Elizabethan progress entertainments, including the coronation pageant *Veritas temporis filia* (1559), Kenilworth (1575), Norwich (1578), Cowdray (1591), Bisham (1592), and Harefield (1602), while other chapters consider the themes raised by these events, including the ritual of gift-giving; the conduct of government whilst on progress; the significance of the visual arts in the entertainments; regional identity and militarism; elite and learned women as hosts; the circulation and publication of entertainment and pageant texts; the afterlife of the Elizabethan progresses, including their reappropriation in Caroline England and the documenting of Elizabeth's reign by late eighteenth- and early nineteenth-century antiquarians such as John Nichols, who went on to compile the monumental *The Progresses of Queen Elizabeth* (1788-1823).

Description and comparison of the characters Michael Henchard and Donald Farfrae in "The Mayor of Casterbridge" Sarah Neubauer 2014-10-28 Essay from the year 2014 in the subject English - Literature, Works, , language: English, abstract: The purpose of this essay is to

examine and to describe the character of Michael Henchard as well as the character of Donald Farfrae. This essay will also try to find out the differences between the two men, in particular as far as their character traits are concerned. The subtitle of the novel suggests that the Mayor of Casterbridge is a 'Man of Character'. A 'Man of Character' is a person, in this case a man, who has a good character. However, the problem is that the man is not called by his name and there are two different mayors of the town- Michael Henchard and Donald Farfrae. For this reason all the information and details have to be gathered carefully in order to eventually find out to whom of them this term would apply and why.

Deeply Rooted Sarah Elizabeth Walters 2016 Archaeologists often make limiting operational choices that – though considered and logical – are (sometimes) necessarily selective in nature. One such a priori framework posits that costly paleoethnobotanical recovery and associated analyses are not worthwhile when working in sandy, acidic soils; as dateable organic remains are too rapidly destroyed by inherent chemical and mechanical processes to allow for differential preservation. This research demonstrates that these destructive processes are largely misunderstood. Indeed, the successful collection of significant paleoethnobotanical material is possible from certain types of sandy soils previously thought to be organically sterile. Moreover, such paleoethnobotanical recovery efforts can yield viable, datable material needed to establish an absolute chronology where not otherwise possible. Clovis, Archaic, Woodland, Mississippian, and Historic-aged carbonized plant remains were recovered from the late Quaternary sediments at the Topper Site (38AL23) (a chert-quarry based archaeological site located in South Carolina) and were dated via Accelerator Mass Spectrometry (AMS). Additional supplementary chemical testing was also undertaken in support of the paleoethnobotanical recovery. The resulting data are shown to: (1) quantify the age of the associated lithic deposits; and (2) independently corroborate Topper's vertical stratigraphic integrity. Too often, the utility of paleoethnobotany is narrowly conceived as only able to address matters of subsistence. Paleoethnobotanical recovery, however, can address a greater range of questions – the answers to which better inform the largely unresolved debates surrounding the archaeological questions of our time.

Sex and the Gender Revolution, Volume 1 Randolph Trumbach 1998-12 A revolution in gender relations occurred in London around 1700, resulting in a sexual system that endured in many aspects until the sexual revolution

of the 1960s. For the first time in European history, there emerged three genders: men, women, and a third gender of adult effeminate sodomites, or homosexuals. This third gender had radical consequences for the sexual lives of most men and women since it promoted an opposing ideal of exclusive heterosexuality. In *Sex and the Gender Revolution*, Randolph Trumbach reconstructs the worlds of eighteenth-century prostitution, illegitimacy, sexual violence, and adultery. In those worlds the majority of men became heterosexuals by avoiding sodomy and sodomite behavior. As men defined themselves more and more as heterosexuals, women generally experienced the new male heterosexuality as its victims. But women—as prostitutes, seduced servants, remarrying widows, and adulterous wives—also pursued passion. The seamy sexual underworld of extramarital behavior was central not only to the sexual lives of men and women, but to the very existence of marriage, the family, domesticity, and romantic love. London emerges as not only a geographical site but as an actor in its own right, mapping out domains where patriarchy, heterosexuality, domesticity, and female resistance take vivid form in our imaginations and senses. As comprehensive and authoritative as it is eloquent and provocative, this book will become an indispensable study for social and cultural historians and delightful reading for anyone interested in taking a close look at sex and gender in eighteenth-century London.

Race and Racism in Nineteenth-Century Art Naurice Frank Woods Jr.

2021-07-15 Painters Robert Duncanson (ca. 1821–1872) and Edward Bannister (1828–1901) and sculptor Mary Edmonia Lewis (ca. 1844–1907) each became accomplished African American artists. But as emerging art makers of color during the antebellum period, they experienced numerous incidents of racism that severely hampered their pursuits of a profession that many in the mainstream considered the highest form of social cultivation. Despite barriers imposed upon them due to their racial inheritance, these artists shared a common cause in demanding acceptance alongside their white contemporaries as capable painters and sculptors on local, regional, and international levels. Author Naurice Frank Woods Jr. provides an in-depth examination of the strategies deployed by Duncanson, Bannister, and Lewis that enabled them not only to overcome prevailing race and gender inequality, but also to achieve a measure of success that eventually placed them in the top rank of nineteenth-century American art. Unfortunately, the racism that hampered these three artists throughout their careers ultimately denied them their rightful place as significant contributors to the development of American art. Dominant art historians and art critics excluded them in their accounts of the period. In this volume, Woods restores their artistic legacies and redeems their memories, introducing these significant artists to rightful, new audiences.

De huisgenoten Sarah Waters 2014-10-21 Water klotste, hielen wreven over de bodem van het bad toen mevrouw Barber erin stapte, gevolgd door heftiger geplons op het moment waarop ze zich liet zakken. Daarna heerste er stilte, die zo nu en dan werd onderbroken door het galmende plik! van een druppel uit de kraan. Het beeld dat Frances zich zo-even aan tafel van haar huurders had gevormd – grote wankelende shillingstukken – was louter door geldzucht ingegeven. Maar zo was het dus om huurders te hebben, bedacht ze terwijl ze achterwaarts met haar dweil over de

tegels schoof: een merkwaardige, niet-intieme nabijheid, een van alle luister ontdaan ogenblik met niet meer dan een stuk keuken en een dunne bijkeukendeur die haar van de naakte mevrouw Barber scheidden. Ineens zag ze het voor zich: rondingen, rood van de warmte. Het is 1922, en de situatie in Londen is gespannen. Veteranen die op de slagvelden in Europa hebben gediend zijn gedesillusioneerd, de vele werklozen eisen maatschappelijke verandering. In Zuid-Londen, in een villa op stand in Camberwell – een groot, stil huis, beroofd van broers, van een echtgenoot, zelfs van bedienden – zien mevrouw Wray en haar alleenstaande dochter Frances zich genoodzaakt huurders in huis te nemen. De komst van Lilian en Leonard Barber, een jong echtpaar uit een ander milieu, zij het met een nette betrekking, zet de gang van zaken in de villa volledig op zijn kop.

De Schemerpoort Jeanette Winterson 2013-03-12 Goede Vrijdag, 1612.

Een groep van vrouwen heeft zich verzameld voor een mysterieuze bijeenkomst wanneer ze worden gestoord door de magistraat Roger Nowell. Hij vraagt zich af of er sprake is van een samensporing van heksen. Tot de groep behoort de rijke Alice Nutter, die twee van hekserij beschuldigde vrouwen verdedigt. Ondertussen gonst het van de geruchten over de terugkeer van een priester die naar Frankrijk was gevlucht voor de protestantse koning James I. Een bekende uit het verleden van Alice Nutter. Zal ze hem onderdak geven? En hoe snel zullen ze hem pakken? En haar? De schemerpoort is een ijzingwekkende roman over de strijd tussen goed en kwaad. Winterson voegt hiermee een nieuwe dimensie toe aan haar indrukwekkende oeuvre. Jeanette Winterson is de meermaals bekroonde auteur van onder andere *Sinaasappels* zijn niet de enige vruchten, *De passie* en *Waarom gelukkig zijn als je normaal kunt zijn?* Ze werd onderscheiden met een Order of the British Empire voor haar verdiensten voor de literatuur. `Een roman die even fijn als diepzinnig is. Een van de weinig moderne romans die zelfs langer had mogen zijn. *Literary Review* `Als je van haar andere boeken houdt zal je dit boek fantastisch vinden. Schitterende stijl. Halverwege was ik helemaal verslaafd. *The Independent* `Prachtig geschreven. *Independent on Sunday* **The Sailor's Magazine** 1853
