This book provides questions and answers, explanations and references, which cover every subject, including clinical governance, statistics, colposcopy and HPV, oncology, fertility, urogynaecology and

maternal mortality. SBAs for MRCOG Part 2 is divided in two parts: questions and answers. The first part contains over 300 questions covering 18 recommended modules. The second part gives the answers to each question, as well as a thorough explanation and also an up to date reference for further reading.
