*La Rondine* Giacomo Puccini 1987 Puccini's non-operatic songs, Arie da camera e da chiesa for voice and piano, have never before been collected--many until now have never been published. They cover the entire span of the composer's life: the earliest was written when Puccini was in his teens, the latest when the composer was in his sixties. Working from musical manuscripts, letters, documents, and other sources, Michael Kaye shows Puccini-- whose music is the mainstay of every opera house in the world--in a new light. The words and music of fifteen songs, including little-known

music from the operas Edgar and La Rondine, are provided. More than a dozen fascinating--some rare--photographs give an extra dimension to the book. About the Author Michael Kaye received his M.M. in opera from the New England

Conservatory. He has served on the artistic staffs of opera companies in Boston, Chicago, Cologne, San Francisco and New York.

The Innovation Manual David Midgley 2010-12-03

The Innovation Manual provides a solution to the problems faced by those at the forefront of innovation. It takes you through the seven topics that have the highest impact on the success of value innovation, be this innovation a new product, a new service or a new business model. The seven topics are: - Creating advantage in the minds of many - Chartering innovation within the organization - Preparing, developing and supporting the right team - Placing customers at the centre of innovation - Changing the organization to deliver the innovation - Motivating the right partners and sharing the returns - Building momentum in the market Each topic is linked to an organized toolkit that allows managers to apply this knowledge immediately. The tools sit within an overall framework to show

how they build on and reinforce one another.

Along with this, the book guides busy managers on applying the tools properly, detailing the relevance of each for specific industries, and how to customize them when necessary.
