*Een rebelse meid* Ru Freeman 2011-12-23 De elfjarige Latha is al sinds haar vijfde dienstmeid bij de familie Vithanage in Colombo en koestert haar band met Thara, de dochter des huizes, die even oud is als zij. Ze kent geen ander leven, maar van binnen weet Latha dat ze, net als Thara, recht heeft op verfijnde dingen als limoenlimonade en rozenzeep die ze dan ook steelt als niemand kijkt. Latha droomt van nieuwe sandalen, helemaal van haarzelf, in plaats van de afdankertjes van Thara, die ze al zo vaak heeft laten repareren. De vernederende manier waarop mevrouw Vithanage Latha op haar plaats

zet als ze deze wens uit, doet iets in haar knappen. Ze beseft dat ze bovenal dienstmeid is en blijft, dat haar vriendschap met Thara een illusie is, dat ze onzichtbaar is, dat haar positie niet anders is dan die van alle andere dienstmeiden in de Sri Lankaanse standenmaatschappij. Haar roekeloze reactie blijkt verstrekkende gevolgen te hebben, niet alleen voor haarzelf, maar ook voor Thara en de andere mensen om haar heen.

**Cultural Strategies of Agenda Denial** Roger W. Cobb 1997 This is the first book devoted to examining why some issues proposed by aggrieved individuals or groups are denied access to policy agendas. The book contains case studies that look at the policy process from the perspective of the strategies opponents often use to ensure agenda denial--strategies usually motivated by perceived threats to widely held world views and identities.

**Rethinking the French City**

Monique Yaari 2008-01 This book considers the post-68 French city as a prism through which to understand the contemporary world and France's specificity within it. The reader is invited to join in a series of exploratory strolls through texts, buildings, and neighborhoods, and thereby

share in a process of discovery. Zeroing in on international architectural debates, a range of key Parisian exhibitions, and major urban design decisions in Paris, Montpellier, and Lille, Yaari unravels an often-acerbic French critique of both modern and postmodern positions on culture, technology, and the city. This critique—stemming from the competing claims of national identity, the ethics of architecture and display, and an anthropologically informed revision of prevailing views on the city—has sparked in France a passionate search for a third path, which the author proposes to term *après-moderne*. Breaking new ground in the field of French Studies through cultural analysis of the contemporary city, this study brings new insight to scholars and professionals in architecture and urbanism, and will interest all others for whom France and cities in general hold special appeal.

*Medical Ethics in the Ancient*

*World* Paul J. Carrick

2001-04-30 In this book Paul Carrick charts the ancient Greek and Roman foundations of Western medical ethics. Surveying 1500 years of pre-Christian medical moral history, Carrick applies insights from ancient medical ethics to developments in contemporary medicine such as advance directives, gene therapy, physician-assisted suicide, abortion, and surrogate motherhood. He discusses such timeless issues as the social status of the physician; attitudes toward dying and death; and the relationship of medicine to philosophy, religion, and popular morality. Opinions of a wide range of ancient thinkers are consulted, including physicians, poets, philosophers, and patients. He also explores the puzzling question of Hippocrates' identity, analyzing not only the Hippocratic Oath but also the Father of Medicine's lesser-known works. Complete with chapter discussion questions, illustrations, a map, and appendices of ethical codes,

Medical Ethics in the Ancient World will be useful in courses on the medical humanities, ancient philosophy, bioethics, comparative cultures, and the history of medicine. Accessible to both professionals and to those with little background in medical philosophy or ancient science, Carrick's book demonstrates that in the ancient world, as in our own postmodern age, physicians, philosophers, and patients embraced a diverse array of perspectives on the most fundamental questions of life and death.

[Contemporary Fiction in French](#)

Anna-Louise Milne 2021-03-25

Our global literary field is fluid and exists in a state of constant evolution. Contemporary fiction in French has become a polycentric and transnational field of vibrant and varied

experimentation; the collapse of the distinction between 'French' and 'Francophone' literature has opened up French writing to a world of new influences and interactions. In this collection, renowned scholars provide thoughtful close readings of a whole range of genres, from graphic novels to crime fiction to the influence of television and film, to analyse modern French fiction in its historical and sociological context. Allowing students of contemporary French literature and culture to situate specific works within broader trends, the volume provides an engaging, global and timely overview of contemporary fiction writing in French, and demonstrates how our modern literary world is more complex and diverse than ever before.

on moral conflicts in public policy by examining the differences and similarities by which Canadian and US governments, political parties, and activists have addressed the issue of abortion. He discusses the history of the conflict since the 1950s, judicial activism and legislative responses, public opinion, party politics and elections, and federalism and the implementation problem. Having proposed models of a politicized America and depoliticized Canada, he concludes by comparing social convergence and institutional divergence. Paper edition (418-7) \$21.95. **Terminology in Everyday Life** Marcel Thelen 2010

"Terminology in Everyday Life" contains a selection of fresh and interesting articles by prominent scholars and practitioners in the field of terminology based on papers presented at an international terminology congress on the impact of terminology on everyday life. The volume brings together theory and practice of terminology and deals with such issues as the growing influence of European English on terminology, terminology on demand, setting up a national terminological infrastructure, the relevance of frames and contextual information for terminology, and standardisation through automated term extraction and editing tools. The book wants to demonstrate that terminology is of everyday importance and is of interest to everyone interested in the theory and practice of terminology, from terminologists to computer specialists to lecturers and students.

*Ru* Kim Thúy 2012-01-17 A

runaway bestseller in Quebec, with foreign rights sold to 15 countries around the world, Kim Thúy's Governor General's Literary Award-winning *Ru* is a lullaby for Vietnam and a love letter to a new homeland. *Ru*. In Vietnamese it means lullaby; in French it is a small stream, but also signifies a flow - of tears, blood, money. Kim Thúy's *Ru* is literature at its most crystalline: the flow of a life on the tides of unrest and on to more peaceful waters. In vignettes of exquisite clarity, sharp observation and sly wit, we are carried along on an unforgettable journey from a palatial residence in Saigon to a crowded and muddy Malaysian refugee camp, and onward to a new life in Quebec. There, the young girl feels the embrace of a new community, and revels in the chance to be part of the

American Dream. As an adult, the waters become rough again: now a mother of two sons, she must learn to shape her love around the younger boy's autism. Moving seamlessly from past to present, from history to memory and back again, *Ru* is a book that celebrates life in all its wonder: its moments of beauty and sensuality, brutality and sorrow, comfort and comedy.
